

**HANCOCK COUNTY MASTER GARDENER PROGRAM**  
**VOLUNTEER PROJECT APPROVAL APPLICATION**

The contribution of the Master Gardeners to the community is important and highly valued. It is important that we retain the vision of the educational mission of the program in all of our efforts and that we commit only to those projects that will produce the highest quality educational results for the greatest public impact. As representatives of Purdue University it is vital that our work be of the highest quality and that we are able to make good on any commitments that we make despite changes in available volunteers and resources.

**Important note:**

*If this proposed project has a beautification focus with no associated tangible educational potential, please reevaluate and consider ways to incorporate some learning opportunity into the design, development and maintenance of the effort prior to submitting this application.*

**DATE** \_\_\_\_\_

**TITLE OF PROJECT:** \_\_\_\_\_

**PROJECT LOCATION:** \_\_\_\_\_
